

# PadPak<sup>®</sup> LC

Faster throughput,  
**Cost effective solution**

### Cost effective

Less material is needed to provide optimal protection

### Time savings

Pads are created at high speed with minimal reloading necessary

### Ergonomic

Height and swivel adjustment for a comfortable packing environment

## The **high speed solution** for light cushioning and void fill

The PadPak Light Cushioning (LC) converter is the fastest paper cushioning solution on the market. The high output allows a maximum box throughput. The converter forms single layer paper into pads which can be used to protect products during shipment. The individual bundles of paper, with gluing strip, ensure the converter is easy to load and runs at high speed. The paper pad can be used for cushioning, blocking and bracing or wrapping.

### Go Green

Our company works with FSC and SFI certified suppliers. Paper is a recyclable and a renewable source.

## Specifications:

### Converter

- Dimensions: 33" x 44" x 48" - 63"
- Weight: 220 lbs.
- Power: 110 VAC
- Feed Rate: 48" per second
- Cut Method: Automatic

### Paper

- Paper Options: 45#, 55#
- Bundle length: 1,200', 1,000'
- Bundle width: 30"
- Bundle weight: 45 lbs., 46 lbs.

## Our Added Value

### Packaging Engineering

Ranpak will analyze your current packaging solution and perform a drop test, demonstrating how much shock is transmitted to your products through the packaging. Ranpak then suggests proper packaging techniques to improve protection and save costs.

### Integrated Applications

The Ranpak Custom Engineering department can design modifications, customizations and other innovative solutions to integrate the packaging converter anywhere around, above or under a packing area.

### Packaging Training

Training from our packaging experts can help your packers use up to 20% less packing material without compromising the quality of the packaging.

## Successful in these industries

Automotive	Chemical/Plastics	Cosmetics	Electronics
Food/Beverage	Industrial Parts	Machinery/Engines	Warehouse
